

Crispie Fluffies Treats

What you need:

For the Fluffies nests

2 cups puffed rice cereal
4 tablespoons butter, softened
2 tablespoons honey
10x Cadbury Fluffies

Oil for greasing muffin tray

Toppings

Cadbury Whispers
Cadbury Astros

Make it

1. Place the softened butter in a large mixing bowl
2. Add the honey
3. In the same bowl, melt the Cadbury Fluffies, butter and honey in the microwave, stirring occasionally until smooth—be careful not to overheat
4. Add the puffed rice cereal to the melted Fluffies mixture and mix well until combined
5. Lightly grease a muffin tray and divide the warm mixture evenly between the individual muffin tins, pressing gently with your fingers to shape a bird's nest
6. Chill in the freezer for at least 2 hours until the Fluffies nests are firm
7. Use a sharp knife to ease up the edges and place the nests into colourful muffin cups
8. Fill each nest with Cadbury Whispers and Astros, or your favourite Cadbury items
9. Eggcellent!
